

School Song

Orion College our home away from home.
A place where we can learn and grow,
We reap what we sow.

Chorus

I know that I can do it,
I've got wings to fly.
I feel that I can make it,
Reach up to the sky.
I've got power(x2)
I've got positive power within me.

And if the rain falls down and the sun won't shine,
I'll just keep on searching for that rainbow of mine.
And if the river's wide and the water rough,
With God by my side I will never give up.

Chorus

I know that I can do it,
I've got wings to fly.
I feel that I can make it,
Reach up to the sky.
I've got power (x2)
I've got positive power within me.

Orion College.....Ad Astra.....to the stars.
With pride we uphold our name
With pride we will go far.

I've got power (x2)
I've got positive power within me.
